ASA 2024

Typical Properties

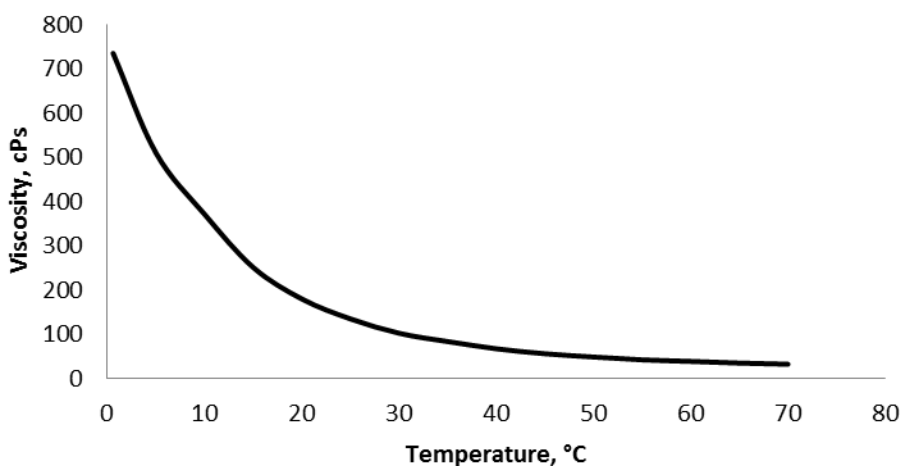

Property	Value	Test Method
Physical Appearance	Light brown to brown liquid	D-104
Gardner Color	12 Max	D-150G
Residual Olefin, %	15 Max	D-150X
Neutralization Number	250 - 285	D-150I
Viscosity@25°C	550 Max	D-150F
Free Acid, %	2 Max	D-150L
Total Anhydride, %	85 Min	D-150X
Maleic Anhydride, %	0.1 Max	D-150X

Specific Gravity as a Function of Temperature

TECHNICAL BULLETIN ASA 2024

Viscosity as a Function of Temperature

Applications

ASA 2024 is an alkenylsuccinic anhydride (ASA) based on C20-C24 alpha-olefin. ASA 2024 is commonly used in fuel and lubricant additives including pour point depressants, corrosion inhibitors and dispersants. ASAs are also used in a variety of other products. In metal working fluids, ASAs are utilized as corrosion inhibitors. ASAs find use as intermediates for surfactants and can also be converted to acid amides and esters. Other suggested applications are in plasticizers, epoxies, and moisture control for leather goods.

Handling & Storage

ASA 2024 must be stored out of contact with moisture to avoid hydrolysis of the anhydride to the acid. When properly stored, ASA 100 has a shelf life of 24 months.

For more details on the design of bulk storage for ASA products, consult the Dixie Chemical brochure "Alkenylsuccinic Anhydride Storage Requirements."

Health Hazards

The data contained herein are furnished for information only and are believed to be reliable. This information is provided only as guidance and is not to be considered a warranty or quality specification. TECHNICAL BULLETIN

ASA 2024

Read and understand the relevant Safety Data Sheets (SDS) for all products before use. ASA 2024 is a mild primary skin irritant. Avoid contact with skin, eyes and clothing. Use only with adequate ventilation. In case of contact, immediately flush skin or eyes with plenty of water for at least 15 minutes; for eyes, get medical attention. Wash contaminated clothing before reuse.

Availability

ASA 2024 is available from Dixie Chemical in Pasadena, TX. Contact your Dixie representative for details.
